

TRUCK DRIVIN' NINJA!

What if *The A-Team*, *Knight Rider*, and *Arrested Development* had a high-speed collision with *Enter the Ninja*?

Welcome to **Truck Drivin' Ninja!**
An animated thrill ride straight out of the 1980s!

Roy was just another good-natured long-haul trucker... until his Sensei taught him the deadly art of Ninjitsu. Now, armed with his big rig and even bigger roundhouse kicks, he roams the highways, serving justice one spinning backflip at a time.

With his wisecracking sidekick Lenny, his no-nonsense mentor Cookie, and the dangerously alluring Pink Viper, Roy must outmaneuver his ultimate nemesis—The One-Armed Bandit, a crime lord as deadly with his fleet of mercenaries as he is with his comically large satellite phone.

Explosions, spin kicks, over-the-top villains, and a soundtrack that shreds harder than a ninja's katana—Truck Drivin' Ninja is a throwback to when action heroes had mullets, bad guys had catchphrases, and every problem could be solved with a well-placed jump kick.

Buckle up. The road just got deadlier... and funnier.
